Monthly Portfolio Risk Report — Sample Deliverable

17 people managing \$1B+ in liquid tokens and venture. You're actively hiring an analyst. The white glove model delivers LP-ready monthly portfolio risk reports before you finish the hiring process — and at a fraction of the all-in cost of a full-time analyst hire.

\$6,000 – \$8,000 / month

MONTHLY RETAINER — CRYPTO ENGINE (LIQUID TOKENS)

Cost comparison vs. analyst hire:

Full-time analyst (salary + benefits): ~\$150,000/year

White glove retainer: \$8,000–\$96,000/year

Same output. No onboarding, benefits, equity dilution, or management overhead.

What's included every month:

Component	Detail
Monthly LP-ready report	Full portfolio risk analysis in LP-formatted PDF
Weekly pulse (1 page)	Key movements, vol spikes, concentration flags — every Monday
3 ad hoc pulls / month	Custom data requests answered within 24 hours
4-hour response SLA	Business hours async channel (Slack or email)
Monthly 30-min debrief	Walk through report, answer LP questions, adjust KPI set
Custom asset configuration	KPI set configured around your specific liquid token universe

What you're looking at:

The following pages are your LP-ready monthly portfolio risk report. CoinGecko data is pulled live at generation time — every price, every return, every risk metric is real and independently verifiable. This is the exact format your LPs would receive.
